Expression of Interest (EoI) for empanelment of NGO for Setting up "Day Care Center" for Registered Construction Workers Children of Maharashtra Building and Other Construction Workers Welfare Board in Maharashtra for 1 Year

1 Invitation for Proposal

The Government of India enacted Act 27 of 1996 on 19th August 1996, viz. the Building and Other Construction Workers (Regulation of Employment & Conditions of Service) Act, 1996 to regulate the wages , working conditions, safety of workers , improve healthcare services and provide basic security and other benefits to the Building and other construction workers.

Further, The Building and Other Construction Workers Welfare Cess Act 1996 & The Building and other Construction Workers Welfare Cess Rules, 1998 has been promulgated for funding the social security benefits to be provided to BOC workers as contemplated under Section 22 of the BOCW Act. In terms of Section 3 of the Building and Other Construction Workers Welfare Cess Act 1996, cess @ 1% of the cost of construction is collected.

The MBOCWW Board deals with welfare of various types for Construction Workers in Maharashtra. There are several schemes for welfare and benefit of Construction Workers which may be availed by a registered Construction Worker. As per Section 12 of BOCW Act, for registration of building workers as beneficiaries, they are required to provide the certificate from Contractor/Establishment for substantiating his/her engagement in any building or other construction work for not less than ninety days during the preceding twelve months.

Construction workers has to produce the certificate from employer regarding 90 days employment. However, most of the Building Construction Workers are migrant workers who frequently change their employment. The casual workers, who work on daily wages (naka kamgar) could not avail these benefits because they are not able to produce 90 days certificate. The major challenge faced by MBOCWW is little awareness amongst Construction Workers about the registration process and welfare schemes.

Thus, one of the welfare scheme for registered construction worker is Day Care/Crèche centre, where children of Construction Workers can have a nurturing and happy childhood, where every child living on a construction site is safe, healthy and educated, and able to enjoy their childhood. Hence, the MBOCWW Board intends to appoint an agency for setting up and managing the Day Care Center for Construction workers
